

PROVIDING SALES OF MARKET LEADING SIMULATORS, TESTERS, AND PERFORMANCE ANALYZERS TO THE HEALTHCARE INDUSTRY

starting at
\$4750

RIGEL MULTI-FLO INFUSION PUMP ANALYZER

Offering instantaneous flow available in 1, 2 & 4 channel configuration.

\$2495
w/ PULS-R

RIGEL UNI SIM LITE

Handheld, battery-operated, cost effective and portable vital signs simulator to carry out spot checks and full PM's on vital signs monitors.

\$3995

RIGEL 288+ BIOMEDICAL ELECTRICAL SAFETY ANALYZER

Light weight design
Conforms to NFPA-99,
IEC 60601, IEC 62353.

starting at
\$995

RIGEL PATSIM

A cost effective patient simulator available in three different models. Model 400 includes EKG simulation, temperature, four channels of IBP and cardiac output.

\$985

RIGEL SAFETEST 50

A simple, robust, and cost-effective medical safety analyzer for general electrical safety testing of 120-240V.

\$1870
w/ PULS-R

RIGEL SP-SIM SPO2 SIMULATOR

Hand-held, high performance pulse oximetry simulator for testing SpO2 devices.

\$6595

RIGEL UNI-THERM ESU ANALYZER

The quickest and easiest way to test all leading electro-surgical devices.

\$1995

RIGEL BP-SIM NIBP SIMULATOR

Hand-held adult and pediatric NIBP simulator.

ELECTRICAL SAFETY ANALYZERS
ELECTROSURGICAL ANALYZERS
DEFIBRILLATOR ANALYZERS
PATIENT SIMULATORS

ENDOSCOPIC TEST EQUIPMENT
FETAL AND NEONATAL TEST EQUIPMENT
INFUSION DEVICE ANALYZERS
GAS/FLOW VENTILATOR TESTERS

TEST SYSTEM AUTOMATION
HEALTHCARE EQUIPMENT
MANAGEMENT SOFTWARE FOR
CLINICAL ENGINEERING, FACILITIES,
IT AND SUPPLY CHAIN

PROVIDING SALES OF MARKET LEADING SIMULATORS, TESTERS, AND PERFORMANCE ANALYZERS TO THE HEALTHCARE INDUSTRY

DATREND **VPAD-A1**

A multi-parameter patient simulator, SpO2 test module and a non-invasive blood pressure simulation module. Use with Android or vPad devices.

DATREND **VPAD RUGGED ELECTRICAL SAFETY TESTER**

Automated and manual electrical safety testing for testing 120-240V with wireless interface to corporate CMMS system.

DATREND **OXITEST PLUS7 SPO2 SIMULATOR**

Pulse Oximeter Tester with Nellcor-Puritan Bennett sensor port.

DATREND **VPAD-RF ESU ANALYZER**

The smallest full featured analyzer for testing Electrosurgical Units (ESUs).

DATREND **FMS-3 FETAL SIMULATOR**

Compact fetal & maternal simulator.

DATREND **VENTEST VENTILATOR & ANAESTHETIC SYSTEM TESTER**

Will test high and low flow & multi-gas option.

DATREND **VPAD-IN**

Infant incubator & radiant warmer testing system.

LIGHTHOUSE IMAGING **ENDOSCOPE TRIAGE KIT**

The kit allows the Central Sterile or CE Department to perform a complete evaluation of endoscopes in their care.

QRS CALIBRATIONS PERFORMS METROLOGY / CALIBRATION SERVICES ON ALL OF THE MARKET LEADING BIOMEDICAL EQUIPMENT AND TECHNOLOGY MANUFACTURERS' PRODUCTS.
